

Scarsdale Synagogue

Temples Tremont and Emanu-El

June 16, 2016

Hello Scarsdale Synagogue!

As part of some recent conversations about ethical eating choices in our synagogue community, the idea for a Community Supported Agriculture (CSA) Program at Scarsdale Synagogue emerged.

Live out our Jewish Values

Such a program allows us to:

- Care for our environment
- Take responsibility for the rights of workers
- Shmirat Haguf (Care for our bodies through healthful eating)
- Feed the hungry (For every 10 shares we purchase, the farm will give one share back to Scarsdale Synagogue for us to donate to those in need)

We are excited by the possibility of making our synagogue a pick up site for a CSA through Stoneledge Farm and inviting anyone in our community who wishes to participate to join us in this new endeavor.

Cantor Chanin Becker and Rabbi Ilyse Glickman
